Workforce Housing

Section 674:58

674:58 Definitions. – In this subdivision:

I. "Affordable" means housing with combined rental and utility costs or combined mortgage loan debt services, property taxes, and required insurance that do not exceed 30 percent of a household's gross annual income.

II. "Multi-family housing" for the purpose of workforce housing developments, means a building or structure containing 5 or more dwelling units, each designed for occupancy by an individual household.

III. "Reasonable and realistic opportunities for the development of workforce housing" means opportunities to develop economically viable workforce housing within the framework of a municipality's ordinances and regulations adopted pursuant to this chapter and consistent with RSA 672:1, III-e. The collective impact of all such ordinances and regulations on a proposal for the development of workforce housing shall be considered in determining whether opportunities for the development of workforce housing are reasonable and realistic. If the ordinances and regulations of a municipality make feasible the development of sufficient workforce housing to satisfy the municipality's obligation under RSA 674:59, and such development is not unduly inhibited by natural features, the municipality shall not be in violation of its obligation under RSA 674:59 by virtue of economic conditions beyond the control of the municipality that affect the economic viability of workforce housing development.

IV. "Workforce housing" means housing which is intended for sale and which is affordable to a household with an income of no more than 100 percent of the median income for a 4-person household for the metropolitan area or county in which the housing is located as published annually by the United States Department of Housing and Urban Development. "Workforce housing" also means rental housing which is affordable to a household with an income of no more than 60 percent of the median income for a 3-person household for the metropolitan area or county in which the housing is located as published annually by the United States Department of Housing and Urban Development. Housing developments that exclude minor children from more than 20 percent of the units, or in which more than 50 percent of the dwelling units have fewer than two bedrooms, shall not constitute workforce housing for the purposes of this subdivision.
